

## Raindrop Technique®

Raindrop Technique incorporates calming, energizing, and soothing essential oils with traditional massage practices. When Raindrop Technique is performed correctly, application of the pure, Young Living Therapeutic Grade™ essential oils contained in this kit result in energy alignment, stress relief, and the harmonious balance of every system in the body.

Raindrop Technique is the result of combining ancient Lakota wisdom with the latest in essential oil research. By integrating gentle massage sequences with specific essential oils, Young Living has created an experience that balances energy, releases toxins, and facilitates open energy flow throughout the body.

Young Living's Raindrop Technique contains specially selected essential oils and blends, and a DVD with step-by-step instructions.
